

“Black & White”: the name says it all, and is at the same time the trademark of the two photographers Ralf Wehrle and Uwe Frank.

These two photographers ,from the south-west of Germany, collaborate since 1993. During this period of time various different picture themes have arisen, such as “Partitions”, “Fireworks”, “Masquerade” or “Golden Ball”

Ralf and Uwe have drawn a great deal of attention to themselves particularly with nude photography, and their picture-strips and calendars (“Mendeuxmilles”, “Pride 2001”, “Masculine 2002 - 2008”)have been published all over the world.
